Day 1

Day 2

WELCOME

Dear Attendees,

Welcome to the third edition of **Asia Gold Conference and Exhibition**. We are deeply honoured that you can join us here at this global event focused exclusively on gold, silver and other precious metals in the international financial hub of Singapore.

Gold and silver prices have come down from historic highs reached earlier this year. In January, gold hit a price of about \$5,600, while silver hit an all-time high of \$121. The metals faced a historic price rally that lasted months between last year and early 2026, buoyed by factors including demand from technological industries, tariffs, international tensions and interest rate cuts.

Prices crashed in late January after President Trump named Kevin Warsh as his pick to lead the Fed, as Warsh was seen as less likely to slash interest rates. Metals prices have also generally declined throughout the Iran war, as gold and silver have traded inversely with oil, which has risen in price throughout the conflict. Despite being in a bear market, analysts believe that the precious metals sector is still poised for recovery and that gold will hit \$5,000 per ounce in 2026.

This event will offer valuable insights into the current and future trends of the gold industry, including diverse Asian and global perspectives on opportunities in mining, exploration, and gold investments. Attendees will also get to network with investors, industry experts, high net worth individuals and key decision makers in the precious metals sector.

Besides Asia Gold Conference, Spire Events also organises the global Energy Transition, Critical Minerals and Mining Investment Conference Series. Starting with Mining Asia Conference and Exhibition in Singapore back in 2014, this Conference Series has since been held in Singapore, Japan, India, Australia, UK, United Arab Emirates, Canada and USA. We also organise MiningTech Conferences in Vancouver, Canada and Sao Paulo, Brazil. Globally, our events cover Africa, Australia, Asia, Latin and North America and Europe. To find out more, you can speak to any of us here at the event or browse our website www.spire-events.com.

In closing, we hope you will have a great Asia Gold Conference and Exhibition experience ahead.

Yours sincerely,
Daniel Radziszewski
