WELCOME

Dear Attendees,

Welcome to the second edition of Asia Gold Conference and Exhibition. We are deeply honoured that you can join us here at this global event focused exclusively on gold, silver and other precious metals in the international financial hub of Singapore.

Gold has surged to a record high above \$3,700 in September, maintaining its status as a favoured hedge during geopolitical and economic uncertainty. In fact, gold has now risen by more than 41% in 2025, with central bank purchases and strong investment demand as the key drivers of this rally.

Silver, seen as a much cheaper alternative to gold as a safe-haven investment, has also been soaring. Prices rose again to more than \$43 per ounce for a new 14-year high. This takes its year-to-date gain to almost 50%, surpassing that of gold. Hence it is timely to launch Asia Gold Conference as we discuss where opportunities lie in this lucrative and dynamic precious metals space.

This event will offer valuable insights into the current and future trends of the gold industry, including diverse Asian and global perspectives on opportunities in mining, exploration, and gold investments. Attendees will also get to network with investors, industry experts, high net worth individuals and key decision makers in the precious metals sector. We hope you can build on the diversity of attendees to make excellent connections and forge new business opportunities.

Besides Asia Gold Conference, Spire Events also organises the global Energy Transition, Critical Minerals and Mining Investment Conference Series. Starting with Mining Asia Conference and Exhibition in Singapore back in 2014, this Conference Series has since been held in Singapore, Japan, India, Australia, UK, United Arab Emirates, Canada and USA. We also organise MiningTech Conferences in Vancouver, Canada and Sao Paulo, Brazil. Globally, our events cover Africa, Australia, Asia, Latin and North America and Europe. To find out more, you can speak to any of us here at the event or browse our website www.spire-events.com.

In closing, we hope you will have a great Asia Gold Conference and Exhibition experience ahead.

Yours sincerely,
Daniel Radziszewski

SPONSOR AND EXHIBITORS

SILVER SPONSOR

ECI Group is a private equity group headquartered in Warsaw, Poland. It has been operated as a set of various companies and investment funds for over 30 years, primarily investing in Poland, with a focus on diversified business activities, including real estate, geology, mining, and multimedia.

ECI Group established a special purpose subsidiary, **GLM Lao Co.**, and is engaged in the exploration of gold and related minerals in Sanakham Province, Laos since 2017. It is currently undertaking a feasibility study, incorporating an environmental impact assessment, and developing a proposal for small-scale mining and gold production. It is anticipated that a mining licence for the gold deposit will be issued by end 2025.
